Dear Dennis, Dear H-Troop members, Dear friends,

on April 10th 2021 I offered my condolences on the death of Prince Philip, the Duke of Edinburgh; not only a loss to the British royal family and monarchy, but also to his wife, Queen Elizabeth II, for whom he was an important companion.

Yesterday, the 8th of September 2022, whilst on vacation, I received the sad news that Queen Elizabeth II had passed away, after such a short time of mourning the loss of her husband, Prince Phillip, and suffering her own health problems.

For seven decades Queen Elizabeth steered the British monarchy through ups and downs. For many she was the mother of the United Kingdom and certainly a symbol of home. Yes, for many she was there for a lifetime.

Queen Elizabeth was a source of strength and confidence. With her subtle sense of humour and her great sense of family, she made herself more tangible for the British people and brought them closer to herself.

Now it is time to say goodbye to a woman who shaped an era.

Dear friends, we have had so many things in common, for so long, but above all, friendship and respect. This brings us together in our thoughts, especially in times of grief.

On behalf of the committee and all members of your Schützengilde zu Dannenberg von 1528 e.V., I send to you our most sincere condolences on the death of Queen Elizabeth II.

Hoping that we will all see each other again soon.

Sincerely yours
